HEADLINE

Cornerstone Engineering, Inc. is pleased to announce the addition of Michael Boraks as the Branch Manager for their Oceanside Office. Mr. Boraks is a registered civil engineer in the State of California and recently completed nearly six years as the Chief Rail Engineer for North County Transit District where he worked exclusively on the \$400 million SPRINTER Rail Project. Prior to joining NCTD at the start of 2001, Mr. Boraks worked as a designer, project engineer and project manager for 13 years on a wide variety of public works and development related engineering projects for an extensive range of clients and public agencies.

Cornerstone Engineering, Inc. (CEI) is a civil engineering and surveying company headquartered in Bakersfield with a branch office in Oceanside. CEI provides a comprehensive range of quality professional civil engineering and land surveying and related services to clients involved in the planning, design, management and construction of a broad range of land development and public works infrastructure improvement projects.
